

Title: Education Statistics Public Portal (ESPP) for Sta. Ana District

Authors: Jovel Quilaquil, Maria Victoria Quilo, Roderica Deguitos

ABSTRACT

The Education Statistics Public Portal (ESPP) for Sta. Ana District is designed to help districts, schools and teachers make informed, data-driven decisions to improve student learning. ESPP is a Windows application that is accessed in a secured data warehouse for Sta. Ana District. It provides districts, schools and teachers with access to historical data including Enrollment, Form 137, Master list, Composite Sheet, Subject Rating Sheet and Grades beginning with the 2014-15 school year.
