Title: CAMPUS ALERT AND SIREN SYSTEM Webbed Audio Multi-functional Trumpet Broadcast

Authors: KRITZE ANEVIC L. CANDIA, ESPIRIDION G. LAROSA, ROSHE KHAY G. OPALLA

ABSTRACT

The Campus Alert and Siren System is a web-based system that is used to send a centralized announcement and emergency alerts from the server through the outdoor trumpet speakers. It can deliver reminders to the students before or after the class ends about the proper classroom management or any reminders via pre – recorded voice. Aside from pre-recorded voice reminders, the user can also deliver live announcements.
